Our Product Range

- Silica Gel Desiccant
- Clay Desiccant
- Container Desiccant
- Oxygen Absorbers
- Ethylene Absorbers
- VCI Desiccant
- Hi-Dry Calcium Based Desiccant
- Fragrance & Flower Dry
- Indicating Silica Gel

Product Gallery

1. Silica Gel Desiccant

Reliable moisture protection for food, pharmaceuticals, electronics and industrial packaging.

2. Oxygen Absorber

Ideal for dry foods, snacks, spices, bakery products and dehydrated foods.

3. VCI Desiccant

Dual-action protection against moisture and corrosion for metal components.

4. Dry Clay Desiccant

High-performance natural desiccant designed to control humidity inside sealed packages.

5. Fragrance Desiccant

For fragrance protection and moisture control applications.

6. Container Desiccant

Protects cargo from container rain and excess humidity during shipping. Ideal for export containers, warehouses and long-distance transportation.

7. Ethylene Absorber

Absorbs ethylene gas to slow the ripening of fruits and vegetables.

Helps extend freshness during storage, transport and export.

8. Hi-Dry Calcium Chloride Desiccant

High-absorption calcium chloride desiccant that locks moisture into gel form.

Provides reliable protection against container rain during ocean and export shipments.

9. Flower Dry

Preserves flowers naturally while retaining their shape and color.

10. Indicating Silica Gel

Changes color when moisture is absorbed, making replacement easy to identify.

Ideal for transformers, electrical equipment, laboratories and moisture-sensitive applications.
